A Handbook of Contemporary Theology - David L. Smith 2001-02-01 This introduction to contemporary theology looks at the origin and
history of each movement, their major figures, and doctrinal emphases. The author evaluates the teachings and practices of each system in light of biblical Christianity.

**A Handbook of Contemporary Theology**
Bernard L. Ramm 1974

**Handbook of Contemporary Theology**
Bernard L. Ramm 1966-01-01

**A Handbook of Contemporary Theology**
Bernard Lawrence Ramm 1966

**A Handbook of Contemporary Theology**

**Theologies of the 21st Century**
David L. Smith 2014-10-02
What theologies are popular and formative of Christian thinking in the present day? How should they be assessed by those Christians who want to be "in the world" without being "of the world"? Theologies of the 21st Century begins with an overview of the historical roots from which current theological thinking has developed, and then moves on to a detailed evaluation of the chief doctrinal and practical emphases, taking an evangelical biblical perspective that seeks to be at once both critical and irenic.

**Contemporary Theology: An Introduction**
Kirk R. MacGregor 2020-07-28
Accessible and comprehensive, Contemporary Theology: An Introduction by professor and author Kirk R. MacGregor provides a chronological survey of the major thinkers and schools of thought in modern theology in a manner that is both approachable and intriguing. Unique among introductions to contemporary

**A Little Book for New Theologians** - Kelly M. Kapic 2012-07-05 In this quick and vibrant little book, Kelly Kapic presents the nature, method and manners of theological study for newcomers to the field. He emphasizes that theology is more than a school of thought about God, but an endeavor that affects who we are. "Theology is about life," writes Kapic. "It is not a conversation our souls can afford to avoid."

**New & Enlarged Handbook of Christian Theology** - Donald W. Musser 2011-09-01 This handbook provides thorough introductory articles on important themes in Christian theology. Along with cross-references and select bibliographies, it is an indispensable reference source. The Handbook consists of 148 topical entries arranged alphabetically. Instead of a Table of Contents, a "Routes For Reading" page suggests related entries, and cross-referencing makes 'surfing' this volume easier than ever.

**Theology as History and Hermeneutics** - Laurence W. Wood 2005 This book offers in style and content an exciting new perspective on contemporary theology and its future in post-modern times. I welcome this new perspective. The style is agreeable, unpolemical, and engages in dialogue with the best of Barth and Bultmann, Ricoeur and Pannenberg, Cobb and Moltmann, showing what they have to offer to the larger theological community and transferring it like a
ferry boat into the post-modern age. The purpose is to offer an evangelical theology which is at the same time genuinely evangelical and relevant for post-modern ways of thinking. Wood writes with admirable clarity." --Jürgen Moltmann, University of Tübingen

The Oxford Handbook of Evangelical Theology-Gerald McDermott 2010 Evangelical theology is a burgeoning field. This volume surveys the state of the discipline on topics of greatest importance to evangelical theology. Each chapter has been written by a theologian or scholar who is widely recognized for his or her published work and is considered a leading thinker on that topic.

The Westminster Handbook to Medieval Theology-James R. Ginther 2009 The theologians and major thinkers of the medieval period developed their thought in complicated ways, giving rise to the term scholasticism, which was the method of learning associated with the great schools of the period. Theology was the center of thought, and finding one's way through the many and complex theological ideas introduced during this era can be very difficult. This accessible reference work clarifies these ideas and provides an extensive guide to the main theological features of medieval theology. Author James Ginther provides clear and compelling discussions of major Christian thinkers, sociocultural developments, and key terms and concepts related to the period. Both students and scholars will find this an eminently useful resource for the study of medieval theology.

The Journey of Modern Theology-Roger E. Olson 2013-12-01 In this major revision and expansion of the classic 20th Century Theology (1992), coauthored with Stanley J. Grenz, Roger Olson tells the full story of modern theology from Descartes to Caputo, from the Kantian revolution to postmodernism, now recast in terms of how
The study of God, His nature, and His Word are all essential to the Christian faith. Now those interested in Christian theology have a newly revised and updated reference tool in the 25th Anniversary Edition of The Moody Handbook of Theology. In this classic and timeless one-volume resource, Paul Enns offers a comprehensive overview of the five dimensions of theology: biblical, systematic, historical, dogmatic, and contemporary. Each section includes an introduction, chapters on key points, specific studies pertinent to that theology, books for further study, and summary evaluations of each dimension. Charts, graphs, glossary, and indexes add depth and breadth. Theology, once the domain of academicians and learned pastors, is now accessible to anyone interested in understanding the essentials of what Christians believe. The Moody Handbook of Theology is a concise doctrinal reference tool for newcomers and seasoned veterans alike.

The SCM Press A-Z of Evangelical Theology
Roger E. Olson 2005 "The SCM Press A-Z of Evangelical Theology" is a comprehensive critical survey of the main persons, events, controversies, concepts, and institutions of twentieth-century evangelical theology. It will introduce readers to and be a reference work for the study of evangelicalism's distinctive theological vision in its unity and diversity. Olson explores evangelical theology through five lenses: The Story of Evangelical Theology; Movements and Organisations Related to Evangelical Theology; Key Figures in Evangelical Theology; Traditional Doctrines in Evangelical Theology; and Issues in Evangelical Theology. Here is a unique, compact narrative description of the origins, rise and significance of evangelical theology today. About the Author Roger E Olson is Professor of Theology at George W Truett Theological Seminary, Baylor University, USA.
Handbook of Evangelical Theology - Robert Paul Lightner
A unique survey of nine key Bible doctrines and the various positions within the evangelical church with respect to each doctrine.

Scripture and Metaphysics - Matthew Levering
2008-04-15 This book makes a major contribution to contemporary theological and philosophical debates, bridging scriptural and metaphysical approaches to the triune God. Bridges the gap between scriptural and metaphysical approaches to biblical narratives. Retrieves Aquinas’s understanding of theology as contemplative wisdom. Structured around Aquinas’s treatise on the triune God in his ‘Summa Theologiae’. Argues that intellectual contemplation is part of a broader spiritual journey towards a better understanding of God. Contributes to the current resurgence of Thomistic theology in both Protestant and Catholic circles.

Practice of Faith - Karl Rahner
1986-09-01

Handbook of Global Contemporary Christianity - 2015-03-27 The Handbook of Global Contemporary Christianity: Themes and Developments in Culture, Politics, and Society maps the transformations of the largest of the major religions. International experts in the area detail challenges and dilemmas facing Christianity via its various global expressions, both old and new.

The Routledge Handbook of African Theology - Elias Kifon Bongmba
2020-06-16 Theology has a rich tradition across the African continent, and has taken myriad directions since Christianity first arrived on its shores. This handbook charts both historical developments and contemporary issues in the formation and application of theologies across the member countries of the African Union. Written by a
panel of expert international contributors, chapters firstly cover the various methodologies needed to carry out such a survey. Various theological movements and themes are then discussed, as well as biblical and doctrinal issues pertinent to African theology. Subjects addressed include: • Orality and theology • Indigenous religions and theology • Patristics • Pentecostalism • Liberation theology • Black theology • Social justice • Sexuality and theology • Environmental theology • Christology • Eschatology • The Hebrew Bible and the New Testament The Routledge Handbook of African Theology is an authoritative and comprehensive survey of the theological landscape of Africa. As such, it will be a hugely useful volume to any scholar interested in African religious dynamics, as well as academics of Theology or Biblical Studies in an African context.

The Oxford Handbook of Theology and Modern European Thought-Nicholas Adams 2013-02-28 'Modern European thought' describes a wide range of philosophies, cultural programmes, and political arguments developed in Europe in the period following the French Revolution. Throughout this period, many of the wide range of 'modernisms' (and anti-modernisms) had a distinctly religious and even theological character—not least when religion was subjected to the harshest criticism. Yet for all the breadth and complexity of modern European thought and, in particular, its relations to theology, a distinct body of themes and approaches recurred in each generation. Moreover, many of the issues that took intellectual shape in Europe are now global, rather than narrowly European, and, for good or ill, they form part of Europe's bequest to the world—from colonialism and the economic theories behind globalisation through to democracy to terrorism. This volume attempts to identify and comment on some of the most important of these. The thirty chapters are grouped into six thematic parts, moving from questions of identity and the self, through discussions of the human condition, the age of...
revolution, the world (both natural and technological), and knowledge methodologies, concluding with a section looking explicitly at how major theological themes have developed in modern European thought. The chapters engage with major thinkers including Kant, Hegel, Kierkegaard, Heidegger, Schleiermacher, Nietzsche, Dostoevsky, Barth, Rahner, Tillich, Bonhoeffer, Sartre, de Beauvoir, Wittgenstein, and Derrida, amongst many others. Taken together, these new essays provide a rich and reflective overview of the interchange between theology, philosophy and critical thought in Europe, over the past two hundred years.

The Westminster Handbook to Origen-John Anthony McGuckin 2004-01-01 This book provides ready access into and sure guidance through the marvelous, often convoluted, invariably rich world of Origen: the man, the ecclesiastical dynamics of his day, his extant works, the range of his theological explorations, his influence, and the controversies associated with him in life and in death. Included are recommendations for use and clear presentation of topics which enable the reader, whether novice or specialist, to engage Origen in ways that address the reader's interest. The Westminster Handbook to Christian Theology series provides a set of resources for the study of historic and contemporary theological movements and Christian theologians. These books are intended to help students and scholars find concise and accurate treatments of important theological terms.

Handbook of Contemporary Religions in Brazil-Bettina Schmidt 2016-09-20 This Handbook provides an unprecedented overview of Brazil’s religious landscape. Its three sections discuss specific religions/groups of traditions, Brazilian religions in the diaspora, and related issues (e.g., women, possession, politics, race and material culture).
Constructive Theology - Serene Jones  
2005-01-01 Coordinated by Serene Jones of Yale Divinity School and Paul Lakeland of Fairfield University, fifty of North America's top teaching theologians (members of the Workgroup on Constructive Christian Theology) have devised a text that allows students to experience the deeper point of theological questions, to delve into the fractures and disagreements that figured in the development of traditional Christian doctrines, and to sample the diverse and conflicting theological voices that vie for allegiance today.

The Oxford Handbook of Theology, Sexuality, and Gender - Adrian Thatcher 2014  
The Oxford Handbook of Theology, Sexuality, and Gender presents an unrivalled overview of the theological study of sexuality and gender. These topics are not merely contentious and pervasive: they have escalated in importance within theology. Theologians increasingly agree that even the very doctrine of God cannot be contemplated without a prior grappling with each. Featuring 41 newly-commissioned essays, written by some of the foremost scholars in the discipline, this authoritative collection presents and develops the latest thinking in these areas. Divided into eight thematic sections, the Handbook explores: methodological approaches; contributions from neighbouring disciplines; sexuality and gender in the Bible, and in the Christian tradition; controversies within the churches, and within four of the non-Christian faiths; and key concepts and issues. The final, extended section considers theology in relation to married people and families; gay and lesbian people; bisexual people; intersex and transgender people; disabled people; and to friends. This volume is an essential reference for students and scholars, which will also stimulate further research.

Handbook of Global Contemporary Christianity - 2016-02-25 The Handbook of Contemporary Christianity: Movements,
Institutions & Allegiance traces how the largest religion in the world is increasingly expressed in energetic global forms – leading to fresh modes of organisation, belonging, believing, and traditional and syncretic movements.

**Handbook of Reading Theological German**
Christopher Ryan Jones 2021-06-01 The Handbook of Reading Theological German is the premier resource for equipping those interested in reading and translating original German source materials and preparing academics for German comprehension examination. The book is ideal for students in biblical studies, church history, Jewish studies, and theology. Coauthored by Katharina Hirt, a native German speaker and professional linguist, and Christopher Ryan Jones, a native English speaker and doctoral candidate in biblical studies, this collaboration draws on the latest developments in linguistics to present a cutting-edge teaching methodology for graduate students learning to read German for research. Attuned to the specific needs of English speakers learning German, this handbook is well suited for independent study or for use in the classroom. Providing abundant exercises and readings, Jones and Hirt’s work provides an excellent entry point for students required to learn theological German. The Handbook of Reading Theological German provides:

- An introduction to German grammar
- A demonstration of the role that German theology has had in the development of modern Jewish and Christian practices.
- Guided readings and biographies of six major German theologians and philosophers
- Further, advanced readings with minimal guidance from contemporary authors in the areas of Hebrew Bible, New Testament, Jewish studies, church history, and theology, so that students can focus on literature from their chosen field of study.

**Handbook of Contemporary Paganism**
Murphy Pizza 2009-01 Contemporary Paganism is a movement that is still young and establishing its identity and place on the global religious
The members of the movement are simultaneously growing, unifying, and maintaining its characteristic diversity of traditions, identities, and rituals. The modern Pagan movement has had a restless formation period but has also been the catalyst for some of the most innovative religious expressions, praxis, theologies, and communities. As Contemporary Paganism continues to grow and mature, new angles of inquiry about it have emerged and are explored in this collection. This examination and study of contemporary Paganism contributes new ways to observe and examine other religions, where innovations, paradoxes, and inconsistencies can be more accurately documented and explained.

**Handbook of Contemporary Japanese Religions**-Inken Prohl 2012-09-03 Representing work by some of the leading scholars in the field, the chapters in this handbook survey the transformation and innovation of religious traditions and practices in contemporary Japan.

**Handbook of Catholic Theology**-Wolfgang Beinert 2000-01-01 This volume, a nuanced introduction to the core concepts in Catholic theology, features 337 entries. Beinert, professor of dogmatics at the University of Regensburg, Germany, was editor of the original version. Fiorenza is the Charles Chauncey Stillman professor of Roman Catholic theology at the Harvard Divinity School. The project features six main divisions: "Contemporary Issues," "Biblical Background," "History of Theology," "Church Teaching," "Ecumenical Perspectives," and "Systematic Reflections." Citations are easy to follow, including biblical passages and various church documents. With helpful tables and indices, this volume represents a richer, deeper treatment of many issues than is found in other dictionaries of theology.

**T&T Clark Handbook of Analytic Theology**-James M. Arcadi 2021-01-28 This handbook
provides theological and philosophical resources that demonstrate analytic theology's unique contribution to the task of theology. Analytic theology is a recent movement at the nexus of theology, biblical studies, and philosophy that marshals resources from the analytic philosophical tradition for constructive theological work. Paying attention to the Christian tradition, the development of doctrine, and solid biblical studies, analytic theology prizes clarity, brevity, and logical rigour in its exposition of Christian teaching. Each contribution in this volume offers an overview of specific doctrinal and dogmatic issues within the Christian tradition and provides a constructive conceptual model for making sense of the doctrine. Additionally, an extensive bibliography serves as a valuable resource for researchers wishing to address issues in theology from an analytic perspective.

The Practice of Faith-Karl Rahner 1983 Essays analyze the importance of religious faith, hope, and the love of God in Catholic spiritual life.

**Routledge Handbook of Contemporary Indonesia**-Robert W. Hefner 2018-01-03 Few countries as culturally rich, politically pivotal, and naturally beautiful as Indonesia are as often misrepresented in global media and conversation. Stretching 3,400 miles east to west along the equator, Indonesia is the fourth most populous country in the world and home to more than four hundred ethnic groups and several major world religions. This sprawling Southeast Asian nation is also the world’s most populous Muslim-majority country and the third largest democracy. Although in recent years the country has experienced serious challenges with regard to religious harmony, its trillion-dollar economy is booming and its press and public sphere are among the most vibrant in Asia. A land of cultural contrasts, contests, and contradictions, this ever-evolving country is today rising to even greater global prominence, even as it redefines the terms of its national, religious, and civic identity. The
Routledge Handbook of Contemporary Indonesia offers an overview of the modern making and contemporary dynamics of culture, society, and politics in this powerful Asian nation. It provides a comprehensive survey of key issues in Indonesian politics, economics, religion, and society. It is divided into six sections, organized as follows: Cultural Legacies and Political Junctures, Contemporary Politics and Plurality Markets and Economic Cultures, Muslims and Religious Plurality, Gender and Sexuality, Indonesia in an Age of Multiple Globalizations.

Bringing together original contributions by leading scholars of Indonesia in law, political science, history, anthropology, sociology, religious studies, and gender studies this Handbook provides an up-to-date, interdisciplinary, and academically rigorous exploration of Indonesia. It will be of interest to students, academics, policymakers, and others in search of reliable information on Indonesian politics, economics, religion, and society in an accessible format.

The Oxford Handbook of Early Modern Theology, 1600-1800-Ulrich L. Lehner 2016

This Handbook will offer a comprehensive and reliable introduction to Christian theological literature originating in western Europe from roughly, the end of the French Wars of Religion (1598) to the Congress of Vienna (1815).

A Handbook of Theological English-Peter Sewell 1998

A guide to the concepts and language used by contemporary theologians, designed for students for whom English is a foreign language. There is an outline and introduction to each topic covered, followed by a reading section, exercises, self-tests and discussion questions.

Handbook of Contemporary Preaching-Dr. Michael Duduit 1993-03-01

Perhaps the most encyclopedic text on preaching in any language--the finest counsel from many of the
acknowledged grand masters of the contemporary pulpit, including Calvin Miller, Joel Gregory, Stuart Briscoe, James Cox, Elizabeth Achtemeier, Thomas Long, James Earl Massey and many more.

The Oxford Handbook of Natural Theology - Russell Re Manning 2013-01-17

The Oxford Handbook of Natural Theology is the first collection to consider the full breadth of natural theology from both historical and contemporary perspectives and to bring together leading scholars to offer accessible high-level accounts of the major themes. The volume embodies and develops the recent revival of interest in natural theology as a topic of serious critical engagement. Frequently misunderstood or polemicized, natural theology is an under-studied yet persistent and pervasive presence throughout the history of thought about ultimate reality - from the classical Greek theology of the philosophers to twenty-first-century debates in science and religion. Of interest to students and scholars from a wide range of disciplines, this authoritative handbook draws on the very best of contemporary scholarship to present a critical overview of the subject area. Thirty-eight new essays trace the transformations of natural theology in different historical and religious contexts, the place of natural theology in different philosophical traditions and diverse scientific disciplines, and the various cultural and aesthetic approaches to natural theology to reveal a rich seam of multi-faceted theological reflection rooted in human nature and the environments within which we find ourselves.

The Oxford Handbook of Sacramental Theology - Hans Boersma 2015

"As a multi-faceted introduction to sacramental theology, the purposes of this Handbook are threefold: historical, ecumenical, and missional. The forty-four chapters are organized into the following parts five parts: Sacramental Roots in Scripture, Patristic Sacramental Theology, Medieval Sacramental Theology, From the Reformation
through Today, and Philosophical and Theological Issues in Sacramental Doctrine. Contributors to this Handbook explain the diverse ways that believers have construed the sacraments, both in inspired Scripture and in the history of the Church's practice. In Scripture and the early Church, Orthodox, Protestants, and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox, Protestants, and Catholics today affirm as the foundation of their own faith and practice. Thus, for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions, this Handbook provides an introduction. As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook, it is not thereby without ecumenical and missional value. This book evidences that the story of the Christian sacraments is, despite divisions in interpretation and practice, one of tremendous hope"--Publisher.

Handbook on the Pentateuch-Victor P. Hamilton 2005-09-01 An introduction to the first five books of the Old Testament, dealing with major thematic units within each biblical book. This new edition has been substantially revised and updated.

The Oxford Handbook of the Trinity-Gilles P. Emery 2011-10-27 This handbook examines the history of Trinitarian theology and reveals the Nicene unity still at work among Christians today despite ecumenical differences and the variety of theological perspectives. The forty-three chapters are organized into the following seven parts: the Trinity in Scripture, Patristic witnesses to the Trinitarian faith, Medieval appropriations of the Trinitarian faith, the Reformation through to the 20th Century, Trinitarian Dogmatics, the Trinity and Christian life, and Dialogues (addressing ecumenical, interreligious, and cultural interactions). The phrase "Trinitarian
faith' can hardly be understood outside of reference to the Councils of Nicaea and Constantinople and to their reception: the doctrine of the Trinity is indissociably connected to the reading of Scripture through the ecclesial and theological traditions. The modern period is characterized especially by the arrival of history, under two principal aspects: 'historical theology' and 'philosophies of history'. In contemporary theology, the principal 'theological loci' are Trinity and creation, Trinity and grace, Trinity and monotheism, Trinity and human life (ethics, society, politics and culture), and more broadly Trinity and history. In all these areas, this handbook offers essays that do justice to the diversity of viewpoints, while also providing, insofar as possible, a coherent ensemble.
