Cursor skips over some object snaps and will not snap when
Cursor is jumpy in an AutoCAD drawing and skips over object snap points when zoomed in. Zooming out helps, but the cursor may still be jumpy. The Snap to Grid function is turned on. The aperture size for Object Snap is too small for the cursor to get close enough to snap. Dynamic Input is on. Smooth Line Display is turned on. Do one of the following: Turn off Snap to Grid by ...

What Is AutoCAD and Why Is It Important?
Aug 12, 2020 · Interior Designers: Similarly, AutoCAD can be used to imagine the interior of a building, whether it’s an eating space for a restaurant or a living space in a home. Fine Artists: The abilities of AutoCAD are so wide ranging that even artists use it to draft sculptures, wood carvings, engravings, and experimental art pieces.
